• Top bar: H 72 px
• Menu bar: H 52 px
• Favourites picture: H 72 px
• Icons approx: W 32 px
• Buttons: H 40 px minimum margin W 16 px each side

All the colours part of the design should come from the style guide

Do not place core tasks/elements under purple background. Use the light background to highlight.

Actioning buttons should be teal colour as per guideline besides the ones on the top/bottom bar. They should go purple or white.

All titles and wording to be purple unless explaining action buttons

Keep buttons wording simple.

Confirmation buttons or actioning buttons should be filled in. The other ones can be outlined depending on the location.
